PROBLEM "After a u-joint degrades or breaks, I don't want to replace it with another part that has the same weaknesses, or a short lifespan." SOLUTION Spicer® u-joints provide performance that's as good as or better than your original equipment parts. Spicer u-joints consistently outperform the competition, offering the durability and dependability you demand. Spicer u-joints incorporate the latest advancements in design, materials, and manufacturing processes to deliver a consistent, high-quality product that is engineered to meet the specific demands of the application. Global manufacturers already recognize Spicer Life Series (SPL®) u-joints as a benchmark in quality. We took this trusted OE product and enhanced the grease, then improved the seal, spacer, and seal guard materials, to create u-joints with unrivaled performance and longevity: Spicer Life Series Plus u-joints. Description Spicer Part # SPL® Plus Series (1350 non-greaseable) 5-1350XP SPL® Plus Series (1410 non-greaseable) 5-1410XP SPL® Plus Series (1480/SPL55 non-greaseable) SPL55XP Cold-forged from high-quality steel, the line of SPL u-joints includes Spicer 1310 u-joints and Spicer 1350 u-joints—and they all deliver the strength and durability that today's performance vehicles demand. For a longer life for your driveshaft, choose Spicer SPL u-joints. Spicer Life Series® u-joints are available in greaseable and lubed-for-life/non-greaseable options. For our complete part number listing, visit DanaAftermarket.com. Click to Enlarge Spicer 10 Series driveshaft u-joints and other u-joints are manufactured using statistically controlled processes to ensure high quality. Features like a steel journal cross and precision-ground bearing surfaces guarantee superior quality for longer life. For our complete part number listing of Spicer® 10 Series u-joints, visit DanaAftermarket.com. Click to Enlarge Super strong, super durable Spicer Extreme u-joints are meant for off-road use and slower speeds. Featuring an SAE-4340 nickel chromoly steel cross with an enlarged trunnion diameter for added strength, these u-joints are virtually indestructible. For more information on Spicer Extreme u-joints, contact your Spicer Performance sales representative. SPL performance packs for 4-wheel drive applications have everything for a complete u-joint change-out—with just one part number to order. No matter what you throw at your vehicle, trust non-greaseable SPL u-joints with the multi-lip seal for premium performance. New to the Hardy Spicer range is the Perfect Fit universal joint which are designed and manufactured to strict tolerances. The Teflon thrust pads in the caps prevent metal on metal contact eliminating galling and reducing internal heat, ensuring long life. Fitted with triple lips seals, the new design retains lubrication and provides greater protection, preventing contaminants from entering the caps for longer lasting protection. The steel shields provide extra protection for the seals to give the ultimate joint protection. This new improved design has been spread across the range of Spicer Series universal joints from 1140 series up to 1810 series providing a quality fitting joint when you need it. This same design is also used in our Toyota Hilux and Landcruiser universal joints. For professional advice give your nearest Service Centre a call or email your enquiry. We are regularly adding new additions so make sure to check our product catalogue. Watch our Workshop Video – Universal Joint Fitting Watch our Workshop Video – Greasing & Purging a Universal Joint
